### Working definitions

**Primary target group: Child and Youth Care Practitioners (CYCPs):** Professional, who are working with children and youth in out-of-home care and/or with young Care Leaver within the child and youth care system.

**Secondary target group: (Future) Care Leaver.** Children and youth in care (from the age of approx. 10 years) or young Care Leaver (until approx. 30 years old)

### CATEGORIES

- (A) **BASIC EDUCATION for CYCPs:** Basic education required to work as CYCP with children and youth in care and/or young Care Leavers. Please compile information on the different types of basic education of CYCPs in your country.
- (B) **FURTHER EDUCATION/FURTHER TRAININGS for CYCPs (INCLUDING SUBJECTS) ON FINANCIAL LITERACY AND ENTREPRENEURSHIP.** Please compile information on further education or further trainings for CYCPs in your country that deal with or include subjects on financial literacy and/or entrepreneurship.

*In Category A and B we compile information on education and trainings for the primary target group, the Child and Youth Care Practitioners (CYCPs), in (A) on the basic education of CYCPs in (B) on further education or trainings that deal with financial literacy and/or entrepreneurship topics.*

- (C) **TRAINING ON FINANCIAL LITERACY AND/OR ENTREPRENEURSHIP TOPICS:** Please compile information on trainings on financial literacy and/or entrepreneurship in your country, especially those that are used by or may also be useful for (future) young Care Leavers.

*In Category C we compile information on existing trainings on financial literacy and entrepreneurship, thinking of the secondary target group, the (future) Care Leavers.*

- (D) **PLANNED INITIATIVES related to FINANCIAL LITERACY AND ENTREPRENEURSHIP TRAINING:** Please compile information on planned initiatives of financial education either in the education or trainings for CYCPs or in financial literacy and entrepreneurship trainings that may be useful for young Care Leavers or are specifically addressed to (future) young care leavers.

*In Category D we compile information on any new (planned) initiative on financial education either for CYCPs or trainings that may be useful for (future) Care Leaver.*

Please copy the empty table for all trainings you will compile in one category before filling in the data and number the trainings you are adding for each category.

**Possible education/service providers to take into account:** Schools, Universities, Universities of Applied Sciences, Training Providers, Vocational Integration Measures, Labour Market Service, etc.

**Method to use:** Desk research. It would be important to get in contact with different stakeholders relevant for the project to make sure that the information you are compiling includes the most important/most relevant education and trainings.

If possible, please fill in the table with a minimum number of 3 trainings per category.

"The European Commission support for the production of this publication does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein."  
Project number: 2017-1-AT01-KA204-035082

Description of the main subjects (in bullet points, max. ½ page)	(EEEEEEEEEEEE) Basic entrepreneurship (FFFFFFFFFFFF) Marketing (GGGGGGGGGGG) Sales (HHHHHHHHHHH) Finance and accounting (IIIIIIIIII) HR (JJJJJJJJJJ) NGO (KKKKKKKKKKK) Legal issues (LLLLLLLLLLL) ICT (MMMMMMMMMMMMM) PR	
Is this training accessible for (future) young care leaver?	Yes	<u>No</u>
If No – Please describe why not (fees, admission requirements,...)?	The tuition fee will probably make the academy unaccessible to care leavers. Furthermore, it is expected that participants will attend all of the lectures and practical workshops regularly, which might make it difficult, if the care leaver is working full time.

<p>Best Practice Example:</p> <p>If you consider this training a best practice example with regard to financial education and/or entrepreneurship learnings please describe below:</p>		
Why? Who benefits from the training? Which elements of the training/education could be useful for the training the project consortium will develop for CYCPs?	<p>The training can be considered a good practice, because it combines all the necessary knowledge that a young person needs to become an entrepreneur. Furthermore, it encourages young entrepreneurs to develop their own ideas and to be more creative.</p> <p>Although, the training is limited to 50 participants per year. Only 10 out of them have access to the scholarship. Even if a young person receives the scholarship it might be hard to afford and combine with a full time job.</p>
